Six Hopeful Political Candidates Seek Presidential Honors

Six aspiring Alma Mater Presidents filed their nomination papers yesterday afternoon for the election to be held next Monday. Candidates in the running include Murray McGeer, Richard Bartlett, Walter Keate, John Sumner and Bill Sargent.

Students have a large interest in campus activities during the past year, three of them having been members of Council. Keate was senior editor of the Ubyssey editorial staff, member of the International Relations Committee, and was elected President of the Canadian Model United Nations at the University.

Sargent is now the President of the Altrium Undergraduate Association, and an active member of the Players Club.

Assimilation Of B.C. Orientals

Professor H. R. English

Professor H. R. English, who has been in charge of the Orientals of B.C. for the past several years, has been much interested in the possible assimilation of Orientals into the general population of B.C.

One of the greatest barriers to the assimilation of Orientals is the pronounced accent that they have. This accent is one of the main hindrances to their assimilation. The solution to this problem is not easy, but it can be achieved with time and effort.

Balling up in the Supreme Financiers. Will there be a stock exchange in May? This is an obvious Union move catching teachers and students, especially the all-lower and all-lower Financiers, off guard.

In an editorial entitled "Campus Addition," in last Friday's Ubyssey, student government president I. W. Whaterly, commenting on the recent events in the upper college, said: "The addition of a new college is not to be taken lightly. It is a step that should not be rushed. It is a step that should be carefully thought about and planned.

The question of whether or not to add a new college is one that should be left to the hands of the board of trustees of the university. It is a step that should be taken only after the most careful consideration of all the factors involved.
